

May 1, 2019

This auction makes every effort to represent and disclose vehicle information accurately. All Total Resource Auction vehicles are sold "AS IS". The auction does not inspect these units so all dealers are expected to visually inspect the units before time of purchase. Any error or omission in the sale catalog or on the screen does not constitute grounds for rejection the vehicle after sale.

Any condition reports or handouts are merely a guide and units may have additional damage not listed, or units once listed as drivable may no longer run and drive.

All title announcements other than "clean" will be announced by the auctioneer. Salvage history (if applicable) will be announced.

All units reflecting 1 mile will be assumed TMU.

Conditional bids will be answered as soon as possible. All Bids will be closed out the evening of the sale. Any unanswered bids can be time-lapse the next morning at the buyer request.

All FCA(Fiat/Chrysler) vehicle are announced as "factory warranty void " by the auctioneer

Dallas Auto Auction is not responsible for the lost or stolen keys, or for damage caused while loading or unloading vehicle with the forklift.
