RED LIGHT CHECK

Red Light Check is an after-purchase, information-only mechanical inspection on Red Light and As-Is vehicles of any model year, purchase price or mileage bought In-Lane or on OVE or Simulcast.† Afterward, Manheim recommends whether to retail, repair or relist the vehicle on the next sale day or on OVE with a reduced sell fee.

Reduce repair time and costs by knowing mechanical issues in advance

Avoid unnecessary transportation costs by relisting vehicles you don't want to bring home

Choose to have us handle the repairs for you

INSPECTION INCLUDES:

- ✓ Engine (noise/sludge)
- ✓ Transmission (with test drive)
- ✓ 4x4 system operable
- ✓ ABS/brakes
- ✓ A/C compressor engagement
- ✓ SRS/air bags
- ✓ Dashboard warning lights
- ✓ Emission control equipment
- ✓ Advice about recon options
